Application Submission Deadline for Round 2: Friday, March 15, 2013

The District of Columbia Office of the State Superintendent of Education (OSSE) announces funding availability through the Mathematics and Science Partnerships Grant Program authorized through provisions of Title II, Part B of the No Child Left Behind Act of 2001. The purpose of this funding is to increase the academic achievement of students in mathematics and science by enhancing the content knowledge and teaching skills of classroom teachers. Partnerships between high-need Local Educational Agencies (LEAs) and the science, technology, engineering, and mathematics (STEM) faculty in institutions of higher education are at the core of these improvement efforts. Other partners may include public schools, private schools, business, and non-profit or for-profit organizations involved in mathematics and science education.

Eligibility: Funds will be awarded to partnerships between a District of Columbia high-need Local Educational Agency (LEA) or consortium of LEAs and science, technology, engineering and mathematics (STEM) departments within institutions of higher education (IHE). The institution of higher education must: (1) be certified by the Department of Education and (2) provide services in the District of Columbia at the applicant's university or college, DC public, charter, or private school or other suitable facility approved by OSSE. The LEA will ideally be the fiduciary agent.
