

Sixth Annual Public Private Partnership Conference

Presented by the D.C. Mayor's Office of Partnerships and Grants Development and the Washington Council of Agencies

This year, we are building on the success of last year's Public Private Partnership Conference where nearly 300 participants from nonprofit organizations, faith-based organizations, foundations, government agencies, businesses and individuals came together to learn how to build and sustain public-private partnerships that address priority issues in the Washington Area. This year's conference will be held on Monday December 13, 2004.

You recognize the important roles, contributions and impact that the nonprofit community has upon the quality of life in the Washington metropolitan area. By supporting the **Sixth Annual Public Private Partnership Conference—Embracing Strengthening and Sustaining Partnerships: The Reality of it All**, your contribution will provide nonprofits with the tools to better serve, strengthen and represent the entire greater Washington nonprofit community.

Details of the Conference are provided in a separate document.
