### **MISSION**

The mission of the Criminal Justice Coordinating Council (CJCC) is to serve as the forum for identifying issues and their solutions, proposing actions, and facilitating cooperation that will improve public safety and the criminal and juvenile justice system of the District of Columbia for its residents, visitors, victims and offenders.

### **SUMMARY OF SERVICES**

Provide a forum for effective collaboration and problem solving among criminal and juvenile justice agencies. Identify, develop and coordinate innovative interagency solutions to address District of Columbia public safety challenges. Research and analyze critical issues identified by the criminal and juvenile justice system. Facilitate and provide long-term performance monitoring of collaborative solutions to public safety and criminal justice challenges.

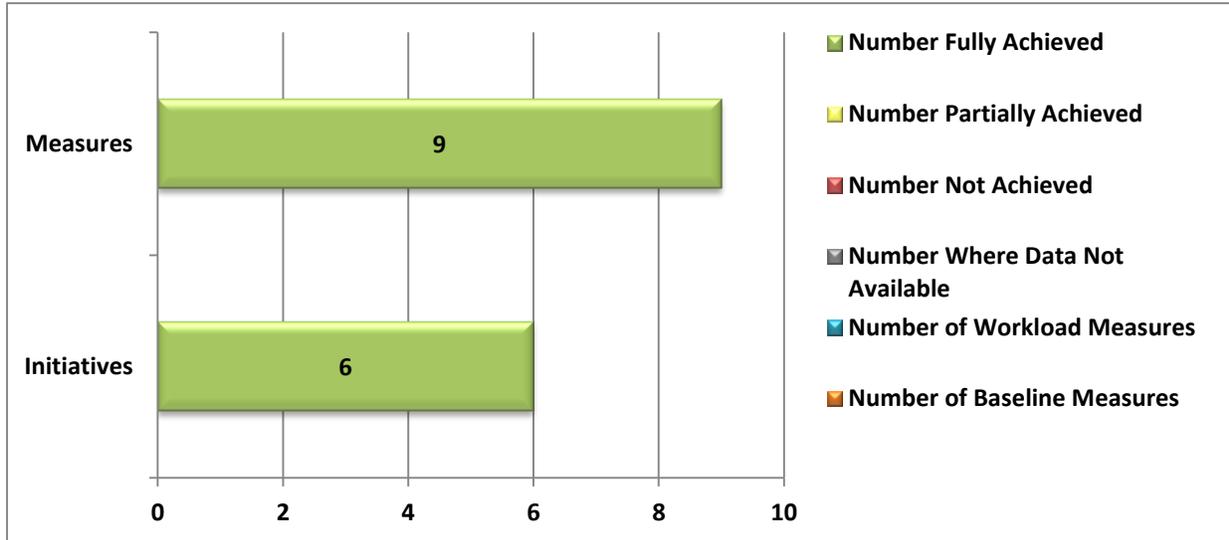

### **ACCOMPLISHMENTS:**

- ✓ JUSTIS Exchange Project: The Alleged Violation Report (AVR). The AVR Project consists of an electronic transaction being sent from CSOSA to the USPC and a response transaction being sent from USPC to CSOSA. Data is now flowing in both directions.
  
- ✓ Synthetic Drug Symposium: On July 17, 2014, the Criminal Justice Coordinating Council's Substance Abuse Treatment and Mental Health Services Integration Taskforce brought behavioral health, medical, legislative, criminal justice, social services, and business leaders together for the Real Deal on Synthetic Drugs to examine the current landscape of synthetic drugs in the District of Columbia.
  
- ✓ Published the Public Safety and Justice Report. This report provides an overview of crime and the administration of justice in the District between 2005 and 2011.
  
- ✓ In June, the CJCC in partnership with DBH, hosted a mental health training titled, UnCovering Crisis Care: Identification, Options and Outcomes at the Washington Convention Center. This half-day training was designed to improve the way juvenile justice practitioners respond to young people and families experiencing a mental health crisis.
