SECTION 1. GENERAL INFORMATION

1.1 Introduction

The Government of the District of Columbia, Taxicab Commission (DCTC) is soliciting applications from approved taxicab companies to provide, through the Coordinated Alternative to Paratransit Services (“CAPS-DC”) pilot program, a cost-effective, high service quality MetroAccess paratransit service alternative to consenting MetroAccess dialysis patients. CAPS-DC stands to save District taxpayers as much as \$1.8 million a year while increasing the number of wheelchair accessible taxicabs in the D.C. fleet. Under CAPS-DC, DCTC-approved taxicab companies will provide dialysis patients with MetroAccess paratransit service to and from Washington Metropolitan Transit Authority (WMATA)-identified dialysis centers. Paratransit service will be provided by wheelchair accessible and non-accessible taxicabs, depending on the needs of the requesting dialysis patient. Upon approval, participating taxicab companies must purchase wheelchair accessible paratransit vehicles from WMATA. DCTC will make available, no later than October 1, 2014, grant funds for approved taxicab companies to purchase WMATA vehicles and for preparatory expenses (“hackup”). Those vehicles, subject to availability and service priority, can provide both CAPS-DC paratransit service AND wheelchair accessible taxicab service, District-wide. The following programs or offices of DCTC are administering this RFA: COORDINATED ALTERNATIVE TO PARATRANSIT SERVICES (“CAPS-DC”).

1.2 Purpose of the Grants

The purpose of these grants is to provide a financial incentive to DCTC-approved taxicab companies to participate in the CAPS-DC pilot program, which will both provide dialysis patients with MetroAccess paratransit service to and from WMATA-identified dialysis centers by use of wheelchair accessible and non-accessible taxicabs (depending on the needs of the requesting dialysis patient) and increase the number of wheelchair accessible taxicabs in the District. **All company documents submitted for the purpose of this grant program will be kept confidential within DCTC and will not be shared outside of the District Government unless otherwise required by law.**

1.3 Source of Funds

The source of funds for the grant(s) is DCTC O Funds.

1.4 Competition for a Grant Award

This RFA is competitive. Each Applicant must demonstrate its ability to carry out the activities for the program and the grant(s) for which it applies (called a “project”). A review panel will evaluate the applications for the program and advertised grant according to the stated list of criteria in each project’s description. The proposal/s with the highest score(s) will be approved to participate in CAPS-DC and be awarded grant(s) commensurate with the panel’s evaluation of the project.

Specifically, grant awards will be made based on eligibility (Section 1.6), the extent to which the proposed project fits within the scope and available funding of the grant, strength of the application, and the organization’s capacity to achieve the grant’s goals.

Each Applicant may submit an application for more than one project, if applicable.

1.5 Projects and Funds Available

This RFA presents the following pilot project for the stated total dollar amount. Pending the availability of funds, DCTC will award through this RFA a total of \$207,500. One or more grants may be awarded in the amount of \$4,800 as a minimum or a maximum amount of up to \$207,500 based on the applicant’s ability to show it has the capacity to meet all proposed deliverables as specified in this RFA during the course of the grant period. DCTC seeks applications for:

Project Number	Project Name	Project Amount
CAPS-DC2014-10-001	Coordinated Alternative to Paratransit Services (CAPS-DC) Pilot Project	\$207,500.00

1.6 Eligibility

Only taxicab companies that have been approved by DCTC to participate in CAPS-DC may apply for these grants. No person shall participate in a CAPS-DC trip unless the company, operator and vehicle have been approved to participate in CAPS-DC, and the

company, operator, and vehicle are in compliance with all applicable provisions of Chapter 18, Title 31 of the District of Columbia Municipal Regulations (DCMR). Specifically, applicants must be current taxicab companies in good standing with the DCTC Office of Taxicabs (“Office”), in compliance with all Title 31 and DCRA licensing requirements for taxicabs may apply to participate in CAPS-DC. The application fee is \$500. The Office shall, in writing, deny the application of any taxicab company not in compliance with the Clean Hands Act,¹ or failing to cooperate with the Office during the application process.

Each company shall be in compliance with or ready to comply with all program operating requirements contained in Chapter 18 of Title 31 of the DCMR, and detailed further in Section 7 of this application, including:

- Maintain appropriate business records for five years;
- Acquire one or more WMATA paratransit vehicles with DCTC grant funds;
- Prioritize use of WMATA paratransit vehicles to provide service first to CAPS-DC passengers, second to any passenger requesting a wheelchair accessible vehicle and third to any other passenger;
- Replace a company vehicle (first replacing WMATA paratransit vehicles) with a new wheelchair accessible vehicle each time the company completes 3,000 one-way CAPS-DC trips;
- Dispose of each WMATA paratransit vehicle as required by law and the conditions of the DCTC grant(s);
- Provide invoices and reports of CAPS-DC trips and its compliance with Chapter 18 as directed by the Office;
- Ensure that all participating taxicab company drivers are properly licensed with DCTC to operate a taxicab;
- Ensure that participating taxicab drivers complete all requirements to obtain Accessible Vehicle Identifications (AVIDs), including training in a DCTC-approved wheelchair service training curriculum and passing a written examination administered by the Office of Taxicabs;
- Provide incentives to taxicab company drivers to obtain AVIDs;
- Provide to the Office a current and accurate inventory, as defined by rule, of all active taxicab drivers and taxicabs that will be providing CAPS-DC services;
- Make CAPS-DC service available through either a telephone dispatch or digital dispatch service to any CAPS-DC dialysis patient;

¹ D.C. Law 11-118, D.C. Code § 47-2861, *et seq.*

- Accept each booking for a CAPS-DC trip anywhere within the District made up to one hour prior to service;
- Ensure that participating taxicab drivers verify that the photo and/or information on the dialysis patient’s MetroAccess ID card matches the information on the CAPS-DC debit card prior to each trip; and
- Ensure that participating taxicab companies are in compliance with all Title 31 requirements, including maintaining functional credit card machines to accept payments.

1.7 Permissible Use of Grant Funds

Grantees may use grant funds only for allowable grant project expenditures: vehicle purchase or preparatory (“hackup”) expenses. Grant funds will be provided on a reimbursement basis, except that an advance of funds may be provided in limited circumstances.

1.8 Grant Monitoring

DCTC may use several methods to monitor the grant, including site visits, periodic financial reports and the collection of performance data. Chapter 18 requires that participants maintain all appropriate business records for five years. Each grant is subject to audit.

1.9 RFA Conditions - Promises, Certifications and Assurances

Please read carefully the attached Appendix 3, “Applicant’s Promises, Certifications and Assurances (PCA).” That document is incorporated by reference in this RFA. When an Applicant signs the application, it is making the listed promises, certifications and assurances and agrees to the other statements in that appendix.

1.10 DCTC’s Authority to Make Grants

DCTC is authorized to “develop a program to provide grants, loans, and other types of financial assistance and incentives to applicants and owners of licensed taxicabs to offset the cost of buying, retrofitting, maintaining, and operating a vehicle for use as a wheelchair-accessible taxicab.” D.C. Official Code § 50-325(c)(3).

1.11 Conflicts Between RFA and Applicable Law

If there are any conflicts between the terms and conditions of this RFA and a provision of applicable law, including a public law, statute or regulation, the provision of the law shall control.

SECTION 3. APPLICATION CONTENT

3.1 Format

Proposals should be formatted as follows:

- (a) Use plain, white, 8 ½” x 11” recycled paper with one-inch margins, headers and footers;
- (b) Applications should be double-sided if possible;
- (c) Limit each project description to 15 double-spaced pages.
- (d) Staple the application in the top left-hand corner. Do not use a plastic cover or other form of binding.

3.2 Cover Sheet

Please create a cover sheet pursuant to Appendix 1, answering the questions on it. The cover sheet must have the requested information. When you have completed filling out the cover sheet, please save it for submittal as a .pdf file.

3.3 Proposal Content

CAPS-DC will provide cost-effective, high service quality MetroAccess paratransit service alternative to consenting MetroAccess dialysis patients while increasing the number of wheelchair accessible taxicabs in the D.C. fleet. The proposal should explain, in increasing levels of detail, how the Applicant will accomplish this.

First, present a summary of how your taxicab company will meet the eligibility and operating requirements of CAPS-DC contained in Chapter 18. Then describe the project, starting with objectives, outcomes and outputs, and ending with specific activities and the project budget. Finally, describe the Applicant's team and why the Applicant can successfully maintain participation in CAPS-DC.

(a) **Present the summary of the project.**

After writing the proposal, and its details, the Applicant should summarize the CAPS-DC proposal for an introductory section of the document. The summary should be only one or two paragraphs.

(b) **Present the project in detail.**

After briefly stating how the company can meet the eligibility and operating requirements of CAPS-DC contained in Chapter 18, present the quantifiable CAPS-DC outputs and how to measure success. This will require identifying the target audience, explaining how the chosen operating methods will produce the outputs and then what resources must be expended to achieve them. In presenting the project team and the budget, ensure that expenditures are those that the grant can reimburse.

(1) Recognize the purpose and objectives.

Because all of the RFA's grants seek to maintain participation in CAPS-DC and increase wheelchair accessible taxicab service in the District, the proposal should explain, first in general terms, how it will benefit these objectives and the proposal's stated targets, or objectives.

(2) Describe the target audience.

How will your taxicab company's participation in CAPS' DC contribute to the provision of wheelchair accessible taxicab service in the District? How will your taxicab company resolve concerns such as a driver that is late or not showing up to pickup a customer for an appointment for dialysis? Describe your protocols for handling such situations.

How will your taxicab company compensate drivers participating in the CAPS-DC program opposed to their regular method of service pay outside of the CAPS-DC program?

Describe your companies methodology of scheduling pickup and drop-off of dialysis patients to their scheduled appointments and from their dialysis appointment to their home. Taxicab companies are to include their methodology for the pickup of dialysis patients from their appointments in the event the dialysis facility is behind with the dialysis patient's appointment. In addition, "Taxicab companies must be able to demonstrate in their application narrative their ability to compensate participating cab drivers for services rendered under the CAPS-DC program from driver services outside of the CAPS-DC program."

Describe how you will meet the reporting requirements in section 6 of this application.

- (3) Present the project outcomes, outputs, and activities.

DCTC evaluates grant-funded projects at three additional levels. These are increasingly more specific – the expected outcomes, the project outputs that will produce the outcomes, and, finally, the activities that make the outputs possible.

The proposal must address the outcomes, outputs and activities:

A **project outcome** is a medium- to long-term result that occurs and/or continues after the project ends. Examples: improved customer satisfaction with paratransit services to dialysis facilities. Outcomes tend not to be quantified, because they are typically statements of relative conditions.

An **output** is a short-term result achieved at the end of the project period. Examples: an increase of MetroAccess customers utilizing taxicab services. Outputs can, and should be, quantified.

Activities are undertaken to achieve the outputs and outcomes. Examples: driver training and incentivizing drivers to participate in CAPS-DC. .

The proposal should connect the projected outcomes with the outputs, and the outputs, in turn, to the funded activities. This enables reviewers to have a good idea of what the proposed project will achieve if funded.

- (4) Describe methods.

The proposal should communicate how the Applicant will harness taxicab operators and resources to create the proposed activities.

- (5) Explain how project success will be measured.

Provide quantifiable measurements. For example, a trash removal project addresses the pounds of trash removed, a stormwater project measures the amount of stormwater captured. Also, if there are key tasks in the project, the proposal would identify the milestones that the project will achieve in order to produce outputs.

- (6) Observe restrictions and be aware of available preference points in the scoring.

Please read the project description very carefully to see if there are restrictions for the DCTC grant. For instance, certain activities might be required to take place in the District, or the scoring might give extra points to labor sourced in the District.

- (7) Present Taxicab Company Financial Statements.

The proposal must include audited Financial Statements for the year 2013 including a balance sheet and profit and loss statement.

- (8) Be aware of allowable costs.

Allowable costs are limited to:

1. Thirty-three (33) wheelchair accessible vehicles auctioned by WMATA for the purpose of this pilot program (\$4,800 towards the purchase of each vehicle); and
2. Vehicle preparation (“hackup”) costs (up to \$1,500 per WMATA wheelchair accessible vehicles purchased for participation in this program).

If the category or size of the expenditure is not obviously connected to the proposed project, the proposal should justify it. For example, a project to install a \$100,000 trash trap should discuss how the particular equipment was identified and why the price is the best for the project.

Non-Allowable Costs include those for lobbying and entertainment, for such long term items as real estate, and for many other expenditures:

1. Most major equipment, like vehicles;
2. Lobbying, including salaries and overheads and out-of-pocket expenses;
3. Entertainment;
4. Interest payments on loans;
5. Most food;
6. Land purchases;
7. Rental of office space, some vehicles, and some equipment;
8. Employee salaries and benefits;
9. Contractor labor, including professional services;
10. Accounting and bookkeeping services;
11. Communications, including telephone and data services;
12. Printing, reproduction, including signage;
13. Materials and supplies;
14. Many computers and printers;
15. Plants and tree-plantings;
16. Small tools;
17. Some field equipment, typically below \$5,000 in value;
18. Postage, shipping;
19. Some travel, meals and lodging; and
20. Insurance

(c) Describe the Applicant.

(1) Describe the organization.

Describe the organization's history, mission, and current or past projects that demonstrate the organization's capacity to achieve the project's goals. This section should be limited to one page.

(2) Identify key personnel.

The proposal should identify the key taxicab company management and drivers for the project and provide brief biographies or their resumes.

(3) Summarize past performance of DC taxicab services.

DCTC wants to know and applicants must include in your summary how many wheelchair-accessible vehicles you intend to purchase from the WMATA auction for this program with a minimum requirement of three (3) vehicles. Also include your time frame to get the purchased vehicles ready for the start (10/1/2014) of the program. The proposal must identify District agencies from which the organization has received funding in the past five years, stating the grant or contract title, the agency, the grant number or other identifier, the amount paid, and what was accomplished as a result of the funding. The Applicant must also briefly describe disputes, investigations or audits.

SECTION 4. Review Panel and Application Scoring

4.1 Review Panel

This is a competitive grant. The review panel for the RFA will be composed of individuals with knowledge in the areas directly related to the RFA. The review panel will review, score and rank each Applicant's proposal.

When the review panel has completed their work, the panel will make recommendations for awards based on the scoring criteria for the particular grant at issue.

Review panels vary in size. Typically three to five people sit on a review panel. The review panel will consist of at least three technical people. At least two of the review panel will be from DCTC staff.

4.2 Scoring Criteria

The reviewers score each proposal according to a list of criteria and their available points. The scoring of each application is based on a 100-point scale. The criteria and the points appear in the RFA's description of each grant opportunity. The Applicant should read this list carefully, ensuring that the proposal addresses each of the criteria.

- The Office shall review each application pursuant to the Clean Hands Act (D.C. Law 11-118, D.C. Code § 47-2861, et seq.) and shall deny the application of any applicant not in compliance with the Clean Hands Act.
- Adequate financial resources or the ability to obtain them;
- The ability to meet the program design specifications at a reasonable and competitive cost, as well as the ability to meet performance goals;
- A satisfactory record of past performance in the taxicab business, including demonstrated quality of service delivery;
- Documentation that the grantee has the legal status (i.e. business license, non-profit incorporation, etc.) to conduct business within the District of Columbia;
- A satisfactory record of integrity, business ethics, and fiscal accountability;
- The necessary organization, experience, accounting and operational controls;
- The technical skills to perform the work;
- The number of taxicab operators associated with the company that have already received wheelchair service training expected to meet the requirements of 31 DCMR § 1806.6;
- The company's plan for offering wheelchair service training to operators, and for incentives obtain such training, as required by 31 DCMR § 1806.7
- The company's experience in providing wheelchair service;
- The company's plan for ensuring that wheelchair service will be provided in compliance with all applicable provisions of Chapter 18;
- The number of WMATA vans which the company is interested in being allotted by the Office;
- The strength and experience of the management team; and

- History with telephone dispatch.

The review panel will evaluate each proposal using the criteria listed with each project description. The panel will recommend the approved taxicab companies for funding (subject, of course, to how much grant funding is available).

Preferences may be awarded for points independent of the 100-point scale. An Applicant with an address in the District at the time of the application will be awarded a residency preference of 10 (ten) points. If the Applicant does not have an address in the District, but the application includes a District-based taxicab company partner, five (5) points will be awarded. The residency preference will be afforded as follows:

1. The preference points will be added to any points awarded to the Applicant on the 100-point scale used to rank qualified applications to each project.
2. Preference candidates will be selected ahead of equally scoring, non-preference candidates.

SECTION 5. FILING REQUIREMENTS

5.1 Documents to file as part of the proposal

Each of the following documents must be filed as part of the proposal package. If the document is not in this filing, DCTC may classify the grant application as “received” but not filed. Status as “received” will not meet the application deadline. Exception: If a government agency must issue the document, and the Applicant has requested the document, DCTC may accept a copy of the Applicant’s request to the agency as proof of the request.

(a) Certificate of Good Standing

Each Applicant must submit a Certificate of Good Standing from the DC Department of Consumer and Regulatory Affairs. The Certificate shall be current.

(b) Promises, Certifications and Assurances Document

Each Applicant must sign the lengthy document called “Promises, Certifications and Assurances” (“PCA”) in Appendix 3. This document is incorporated by reference in the RFA. This means that it is, and should be read as, part of the RFA. This is an important document.

Signing the PCA as though under oath is a condition of eligibility for the grant applied for. If the Applicant is not prepared to sign the PCA it should not apply for a grant. The signature also constitutes a continuing promise and certification, which is a continuing condition of eligibility for each grant described in the RFA.

The PCA must be signed by an individual grant recipient or, if an organization, by the duly authorized officer of the Applicant organization. If the person signing for the Applicant is barred by faith or custom from swearing under oath, s/he may “attest to the truth.”

The Applicant is not required to send the entire document back to DCTC. Rather, DCTC requires the table of contents and the signature page. The Applicant should print the pages on which the Table of Contents appears and the signature page of the document, sign the signature page, and submit the pages with the proposal.

The PCA also includes a sworn statement verifying that the Applicant is current on all obligations outstanding to the District, including the District’s agencies. DCTC defines “current” to mean as of the date of the application, the date of a grant award, and the period of the grant. DCTC will require, as a condition of continuing eligibility, that a grantee stay current on such obligations.

(c) **W-9 tax form**

The Applicant must submit a current completed W-9 form, prepared for US Internal Revenue Service (IRS) purposes. DCTC defines “current” to mean that the document was completed within the same calendar year as that of the application date. If the Applicant has submitted a current completed W-9 to DCTC for another application, or for another purpose, the Applicant may submit a copy of that document.

(d) **Applicant's most current end of fiscal year financial statements**

The Applicant must submit its full budget, including projected income, for the organization's current fiscal year, using a format at least as detailed as that presented in Appendix 2. Also, the Applicant should submit a comparison of budgeted versus actual income and expenses to date.

(e) **Applicant's financial statements**

If the Applicant has undergone an audit, it must provide the most recent audited financial statements. If audited financial statements are not available, the Applicant must provide its most recent complete year's unaudited financial statements.

(f) **Separation of duties policy**

Applicant must submit a statement that states how the organization separates financial transactions/duties between people within the organization, for the purposes of preventing fraud and/or waste. This may be a statement that already exists as a formal policy of the organization, or the Applicant may create the statement for the application. The applicant should state which of these is the case.

This statement should describe how financial transactions are handled and recorded. It should include names and titles of personnel involved in handling money, how many signatures the bank/s requires on the organization's checks and withdrawal slips. It should address other limits on staff and board members' handling of the organization's money.

(g) **Sworn written criminal history statement**

State whether the applicant, or where applicable, any of its officers, partners, principals, members, associates or key employees, within the last three (3) years prior to the date of the application, has:

- been indicted or had charges brought against them (if still pending) and/or been convicted of (a) any crime or offense arising directly or indirectly

from the conduct of the applicant's organization or (b) any crime or offense involving financial misconduct or fraud, or

- been the subject of legal proceedings arising directly from the provision of services by the organization. If the response is in the affirmative, the applicant shall fully describe any such indictments, charges, convictions, or legal proceedings (and the status and disposition thereof) and surrounding circumstances in writing and provide documentation of the circumstances.

(h) **DC Office of Tax and Revenue ("OTR") Tax law filing certificate**

(i) **Statement of insurance carriers and policies:**

The grantee shall provide in writing the name of all of its insurance carriers and the type of insurance provided (e.g., its general liability insurance carrier and automobile insurance carrier, workers' compensation insurance carrier, fidelity bond holder (if applicable)), and, before execution of the award, a copy of the binder or cover sheet of their current policy for any policy that covers activities that might be undertaken in connection with performance of the grant, showing the limits of coverage and endorsements. All policies, except the Workers' Compensation, Errors and Omissions, and Professional Liability policies, that cover activities that might be undertaken in connection with the performance of the grant, shall contain additional endorsements naming the Government of the District of Columbia, and its officers, employees, agents and volunteers as additional named insured with respect to liability abilities arising out of the performance of services under the award. The grantee shall require their insurance carrier of the required coverage to waive all rights of subrogation against the District, its officers, employees, agents, volunteers, contractors and subcontractors.

(j) **A statement asking entities to identify any financial or familial connections to any DCTC employees, contractors or other affiliated parties.**

(k) **Driver Inventory**

The driver inventory must include the operator(s) name(s), cellular telephone number(s), DCTC commercial operator's license number(s), and an indication of whether the

operator(s) has completed the wheelchair service training pursuant to § 1806.6, and, if so, the date of completion.

(l) **Vehicle Inventory**

The vehicle inventory must include the year, make, model, color, PVIN, tag number, and an indication of whether the vehicle is wheelchair accessible for each vehicle.

(m) **Copy of training curriculum.**

(n) **A description of current dispatch and internal driver safety systems.**

5.2 Documents to file if DCTC notifies that it will make the grant

Each of the following documents must be filed with DCTC before DCTC can pay out funds pursuant to a grant award. Exception: If a government agency must issue the document, and the Applicant/grantee has requested the document, DCTC may accept a copy of the Applicant's request to the agency as proof of the request.

(a) **Certificate of insurance**

The grantee shall be required to submit a certificate of insurance giving evidence of the required coverage, either before or after the award, but before work commences.

(b) **Assurance of continued truth and accuracy**

The grantee will be required to reaffirm upon acceptance of the grant award that the statements it signed in support of its application are still true and correct, or, if not, what has changed. One of the grantee's promises, as an Applicant, is to advise DCTC of material changes since the filing of the application.

(c) **Tax Certification Affidavit**

The grantee shall submit an affidavit indicating whether the entity has complied with the filing requirements of District of Columbia tax laws, and whether the entity has paid

taxes due to the District of Columbia, or is in compliance with any payment agreement with the Office of Tax and Revenue (OTR). The affidavit can be obtained from DCTC.

(d) Current Taxes Affidavit

The grantee shall submit an affidavit indicating that they are current on all taxes, including Unemployment Insurance and Workers' Compensation premiums.

(e) Access statement

SECTION 6. FILING REQUIREMENTS GENERAL PROVISIONS

6.1 Grant award administration

The following terms and conditions apply after DCTC has made its decision to grant an award.

(a) DCTC's announcement of award

DCTC's objective is to announce grant awards by at least four (4) weeks after the application due date.

(b) Grantee's reports

The Grantee must provide DCTC monthly reports as one of the continuing conditions for eligibility:

1. Monthly status reports. These reports will be due on the 5th day of each month for services rendered during the previous month. For example, a November 5th report must include all required service information for the month of October (October 1st through Oct 31st). The reports discuss grant activities for the preceding month:

If a report's due date falls on a weekend or District holiday, the report will be due the next business day. The report must detail actions taken for the month preceding the report date and the reports must include the following:

A monthly evaluation of the CAPS-DC Pilot including documentation verifying eligible trips made to include the number of trips of MetroAccess trips taken by customers enrolled in CAPS-DC to the specified dialysis facilities and trips from dialysis facilities to their home destination to include pickup and drop-off address/location, customer name, date and time of eligible trips, vehicle information, and corresponding patient MetroAccess ID numbers for each trip and the total costs/charge for each trip.

Each taxicab company that has wheelchair accessible vehicles within it's fleet or among the vehicles associated with the company to provide service shall maintain records that include:

- a) The number of wheelchair-accessible vehicles;
- b) A list of requests made to the company for wheelchair accessible service that notes the date, time, and location of the requested service;
- c) Whether the requested service was a street hail, a reservation made on the same day, or a reservation made before the date of requested service;
- d) For reservations made on the same day or made before the date of requested service, whether the requested service was provided, and if not, an explanation as to why; and
- e) For reservations made on the same day or made before the date of the requested service, the duration between the time of the reservation and the time that the service began.

(c) Reimbursement of project expenditures

Grantees will not be reimbursed for any work that is undertaken before DCTC awards the grant.

DCTC intends to reimburse for expenditures related to the purchase of the one or more of the 33 WMATA paratransit vehicles being auctioned and "hackup" required for the vehicles to provide CAPS-DC service for the purpose of this project. In limited cases DCTC may pay start-up funds at the beginning of the grant period. If the Applicant seeks start-up payments it should make the request in its proposal, and explain the request.

DCTC operates on the District's fiscal year, which starts October 1 of a calendar year and ends September 30 of the next calendar year. The grantee may submit a reimbursement request, or invoice, at any time during the fiscal year. Each request/invoice must include supporting documentation, such as receipts.

Reimbursements will be mailed to the address on file for the grantee. DCTC may make electronic payments in lieu of mailing checks. DCTC generally pays invoices six (6) weeks after DCTC receives them.

SECTION 7. PROJECTS PROPOSED FOR GRANT FUNDING

7.1 Summary: Project Titles and Available Funds

Name	Total Projects	Total Amount
CAPS-DC	1	\$207,500.00

7.2 Project Descriptions

Project Period

DCTC anticipates a start date of October 1, 2014. The project must be completed by September 30, 2015. No extensions will be given.

Background

The Coordinated Alternative to Paratransit Services – DC ("CAPS-DC") Pilot Program was initiated pursuant to a Memorandum of Understanding ("MOU") between the D.C. Taxicab Commission ("DCTC"), the D.C. Office of the Chief Financial Officer ("OCFO"), and the Washington Metropolitan Area Transit

Authority (WMATA). CAPS-DC will provide a cost-effective, high service quality MetroAccess paratransit service alternative to consenting MetroAccess dialysis patients, save District taxpayers as much as \$1.8 million a year and increase the number of wheelchair accessible taxicabs in the D.C. fleet.

Under CAPS-DC, DCTC-approved taxicab companies will provide dialysis patients with MetroAccess paratransit service to and from WMATA-identified dialysis centers. Paratransit service will be provided by wheelchair accessible and non-accessible taxicabs, depending on the needs of the requesting dialysis patient. Upon approval, participating taxicab companies must purchase, with DCTC grant funds, wheelchair accessible paratranist vehicles from WMATA for use in the program. Those vehicles, subject to availability and service priority, can provide both CAPS-DC paratransit service AND wheelchair accessible taxicab service, District-wide.

Project Description

CAPS-DC will initially target approximately 1,000 potential customers: 400 high frequency dialysis customers (3 visits per/week or 6 trips) and 600 who fall in the categories of either frequent dialysis customers (2 visits per/week or 4 trips) or regular dialysis customers (1 or less visits per week). A dialysis customer works with his/her physician in the selection of a dialysis facility. Taxicab companies and DCTC will have no role on those decisions whatsoever. The only factor is that the customer has to go to one of the 22 dialysis facilities in the District, but we have no say in terms of which customer chooses to attend.

Participating taxicab companies must purchase a minimum of three (3) wheelchair-accessible vehicles from a limited WMATA auction that will include up to 33 wheelchair-accessible used vehicles. The auctions bids should “**begin**” as low as \$4,800 to \$6,000. DCTC intends to make available \$207,500 in grant funds, available no later than October 1, 2014, for DCTC-approved taxicab companies to purchase WMATA paratransit vehicles at a WMATA auction. WMATA will make at least thirty-three (33) vehicles available for sale during the course of the MOU, on a rolling basis, at an estimated value of \$4,800 to \$6,000 each, subject to the availability of grant

funds. DCTC will issue grant funds in the amount of \$4,800 towards the purchase of each of the thirty-three (33) WMATA wheelchair accessible vehicles to be auctioned. DCTC will issue additional grant funds up to \$1,500 towards the “hackup” costs of the 33 wheelchair accessible vehicles purchased from the WMATA auction with proof of receipts for the preparation of each vehicle to be used for the purpose of the CAPS-DC program.

Event Approval

Before funds can be allocated for vehicle purchase(s) and “hackup”, the DCTC oversight officer must approve the expenditures.

Project Deliverables

Each company shall provide transportation to CAPS-DC enrolled dialysis customers to and from dialysis appointments. The dialysis appointment must be one of the 22 identified dialysis facilities located in the District.

Purchase one or more of the (33) wheelchair accessible vehicles from the WMATA closed auction to be utilized in the CAPS-DC program beginning October 1, 2014;

Provide monthly reports for transportation services rendered to dialysis customers to include:

- (a) The number of wheelchair accessible vehicles and non-accessible vehicles utilized with CAPS-DC;
- (b) A list of requests made to the company for wheelchair-accessible vehicles or non-wheelchair accessible vehicles for a dialysis visit to and from one of the 22 dialysis facilities that notes the date, time and location of the requested service;
- (c) For reservations made on the same day or made before the date of the requested service, whether the requested service was provided, and if not, an explanation as to why; and
- (d) For reservations made on the same day or made before the date of the requested service, the duration between the time of the reservation and the time that the service began.
