General Information:

Funding Opportunity Title:	Tobacco Cessation & Health Systems Change
Funding Opportunity Number:	FO-CHA-PG-00179-011
Program RFA ID#:	CHA_TCHS_11.2.18
Opportunity Category:	Competitive
DC Health Administrative Unit:	Community Health Administration
DC Health Program Bureau	Cancer and Chronic Disease Prevention
Program Contact:	Erin Thomas – Public Health Analyst 202.442.5902 or erin.thomas@dc.gov
Program Description:	DC Health seeks to ensure that tobacco use and dependence treatment is recognized as a chronic, relapsing condition and is fully integrated into the continuum of health care – similar to the diagnosis and management of other chronic, relapsing conditions such as hypertension. Funding under this RFA will support the integration of evidence-based tobacco dependence assessment and treatment into the continuum of care. By systematizing the treatment of tobacco dependence within the health care environment, DC Health anticipates that not only will patients' health improve but that the health care system will realize cost savings. Applicants are required to use a quality improvement framework Plan-Do-Study-Act to monitor and evaluate interventions. Reporting of clinical quality measures, which are indicators of healthcare processes and outcomes, will be required in order to identify opportunities for health system enhancement. Applicants must also be able to demonstrate how their proposed systems change strategies will change health care systems processes and lead to a seamless,

	integrated approach to addressing tobacco use for all patients; particularly patients living in Wards with high tobacco use prevalence (Wards 5, 7 and 8).
Eligible Applicants	Hospitals, health centers, FQHC's and private practices serving residents of the District of Columbia.
