

## Key Benefits for Child and Adult Care Food Program Facilities

- **Add10:** An additional 10 cent reimbursement for each infant/child breakfast, lunch or supper served that meets the CACFP meal requirements
- **Local5:** If one component of the lunch or supper served meets the definition of a locally-grown<sup>1</sup>, unprocessed food<sup>2</sup>, then the facility will receive an additional five cents per meal served for that meal type
- **Full Day4:** Facilities maximizing the number of allowable federally-funded CACFP meals (two meals and one snack per day per child or two snacks and one meal per day per child) that choose to serve an additional meal can claim all breakfasts at the highest federal reimbursement level.

Facilities that choose to exercise this option:

- Will receive local reimbursement for each breakfast served instead of federal reimbursement and begin serving an additional federally reimbursed meal. (Reimbursement from local funds will be equal to the federal free rate for a CACFP breakfast. The breakfast must meet the CACFP requirements.)
- must maintain an enrollment of at least 75% children residing in the District of Columbia; and,
- must maintain an enrollment of at least 50% children eligible for subsidized child care.

<sup>1</sup> "Locally-grown" and "locally-processed" means from a grower in and processed at a facility in Delaware, the District of Columbia, Maryland, New Jersey, North Carolina, Pennsylvania, Virginia, or West Virginia, as defined in Section 101(3) of the Healthy Schools Act of 2010, effective July 27, 2010 (D.C. Law 18-209; D.C. Official Code § 38-821.01(3)).

<sup>2</sup> "Unprocessed" means foods that are nearest their whole, raw, and natural state, and contain no artificial flavors or colors, synthetic ingredients, chemical preservatives, or dyes.
